Streamline Fitness	<p>Truly being Self Made, we want you to be a part of a fitness studio that is part of Temecula and Murrieta community. Somewhere you can go to sweat good, work hard and feel rewarded for your accomplishments. I started the dream of Streamline Fitness when I was 13, the very first time I picked up a dumbbell. My grandfather was my trainer, and he was the toughest person I knew. Over the journey of working at private gyms and even at Balley's Total Fitness, I picked up how to properly run a fitness facility and culminate peoples passion for exercise, bonding and just the overall sense of feeling better. Streamline Fitness officially started in Temecula by bring equipment to individuals homes and running fitness classes and camps in Murrieta and Temecula. From there it grew into a humble home gym in my garage. That lasted only a short time as demand became more than the home gym could handle. We opened our first facility near our current location which rocked a whole 700 square feet! Now, as we continue to work on our current space of 3200 total square feet, we are still private, still intimate but engage you with the excitement that we have for you and our awesome space. 10% of all training and membership will go to Wounded Warrior Homes.</p>	4 AM to 10 PM.	<a href="https://www.getstreamlinefit.com/">https://www.getstreamlinefit.com/</a>	10% of all training will go to Wounded Warrior Homes, to help the homeless problem among our veterans.
