

#BR RESPECT

As a community we show respect for our schools by accepting our shared responsibility of educating all the children of our community. Businesses and individuals can adopt schools, lending their expertise to enhance education.

Parents show respect for our schools by educating the hearts of their children to prepare them to be students who are eager to learn.

Schools, in turn, show respect for the community by doing all within their power to offer quality education, from teachers to administrators to staff, each individual giving their all for the sake of the children.

The future of our community is dependent on each of us doing our part to respect our educational system.

BIG IDEA FOR AUGUST: Respecting Our Schools GOOD DEEDS FOR AUGUST
