

HOMELESS OUTREACH SERVICES TEAM – VENICE OUTREACH

Contacts and tent locations identified June 8 – June 24, 2021

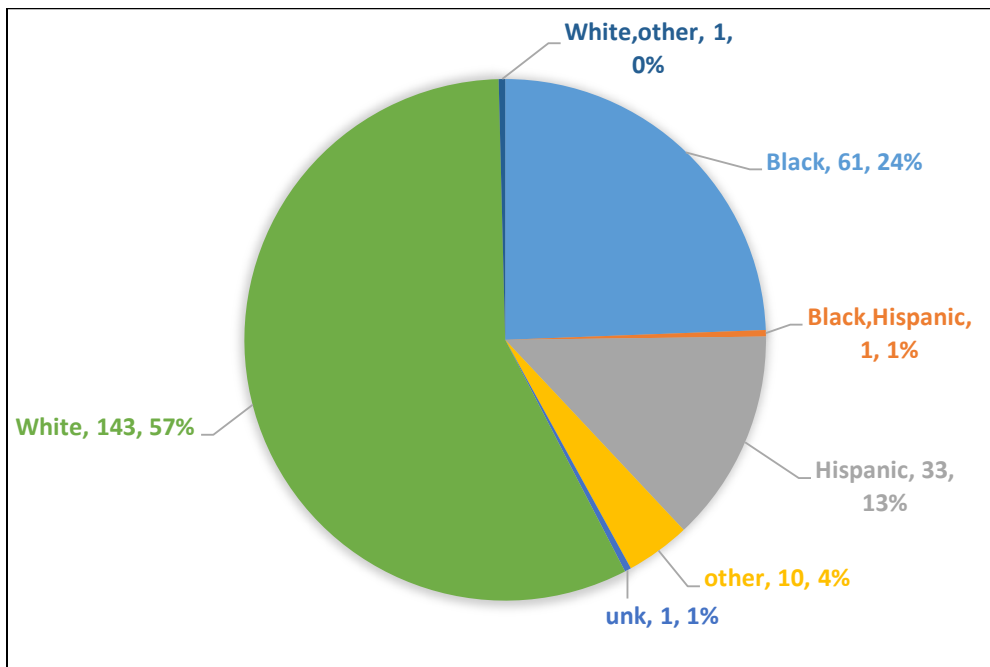

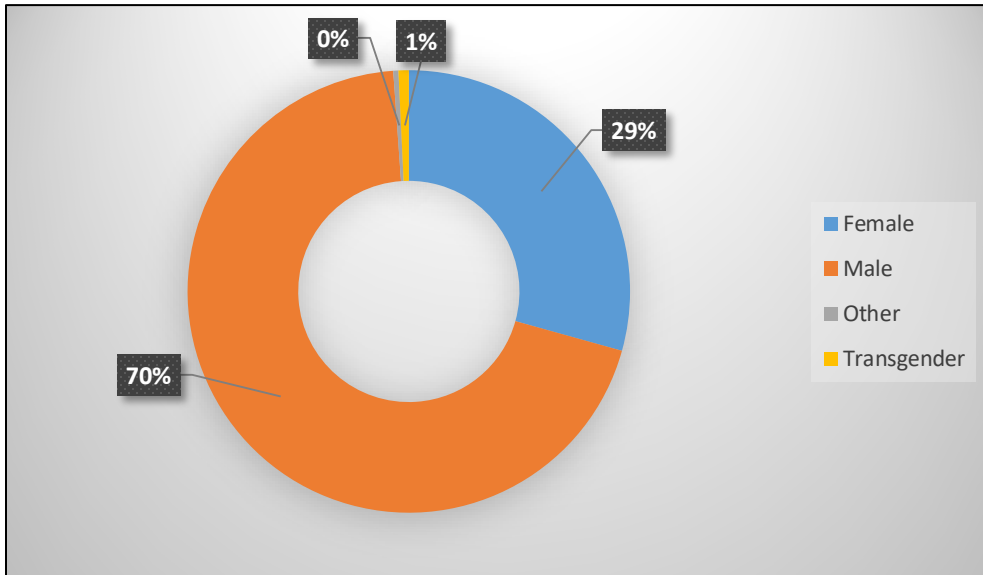

HOMELESS OUTREACH SERVICES TEAM – VENICE OUTREACH

The Homeless Outreach Services Team documented 106 tents and made 297 documented contacts with persons experiencing homelessness on Ocean Front Walk in Venice. Of the 297 documented contacts, there were 251 unique individuals. 161 were unable to be identified. Of the (251) unique contacts, 40 self-identified as nomadic travelers and (18) were identified as dual-residents.

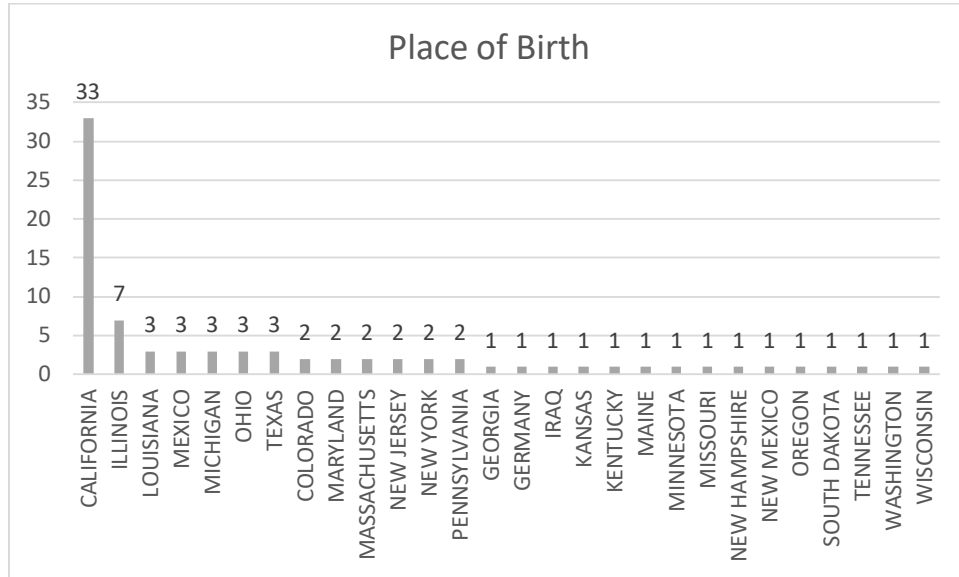

The demographics of the population living on Ocean Front Walk are unique to this encampment. The population skews male and white in Venice, while the typical encampment contacted by HOST is male and Hispanic.

Individual Demographics are as follows:

PLACE OF BIRTH

Of the 90 contacts we were able to identify, we were able to identify (81) places of birth. (33) contacts were born in California; (23) contacts are from another state.

MISSING PERSONS:

(4) missing persons were located on Venice Beach:

- A white male who had been reported missing in 2019.
- A black female who had been reported missing in February, 2021.
- A white male who had been missing since May, 2021.
- A white male who had been missing less than a week.

OUTREACH

- (18) contacts are documented referrals to various outreach organizations.
- (12) contacts are documented in Survey 123 as being interested in family reunification support.
- (18) contact are dual-residents (had shelter placement at the time of contact, but were on OFW)
- (40) contacts self-identified as nomadic travelers.

WARRANTS

(15) of (90) individuals had an active warrant at the time of contact.
