

**Tuesday
September 14
9 AM - 4 PM EST**

VIRTUAL JOB FAIR

Come join us for a Virtual Job Fair to learn more about CCMSI and our Adjuster Training Program, LevelUP! This program will give you all the tools you need to start your career in the claims industry.

We want to help you establish a new career and provide you the foundation to continue to grow within our organization with either a workers compensation or liability path. All positions are full time with benefits. We will even help you obtain your license! Interviews can be scheduled in advanced or during the job fair.

Pop into our Teams Meeting any time during the virtual job fair hours to hear more about this opportunity or to schedule your interview. You may also use the QR codes below to fill out an application for either the Claim Associate I LevelUP - Workers' Compensation or Claim Associate I LevelUP - Liability position. We have a new training class beginning in October and look forward to seeing you there!
