

Ta Na Ka Images

Guest on the [11/18/21](#) show, Judy Carroll, shares a set of images and explanations in tandem with her appearance.

Above is an illustration of the Tu Na Ka symbol given to Helene Kaye and myself back in 2003. It needs to be drawn in the correct sequence, as illustrated in my new eBook, [Cosmic Spirituality](#).

Its name is star language, translating as I AM ME IN WE.
It's function is to assist in the energy shift of the human race of Earth from the emotion-based Age of Pisces, to the intuition-centered Age of Aquarius.

I AM **ME** IN
WE

The illustrations below show how the Tu Na Ka symbol fits into the human DNA pattern. These are illustrations of it in 5-D, which is the level at which it operates. The planetary shift we are presently experiencing is the shift from 3-D reality up to 5-D reality, and the Tu Na Ka assists this process.
