SATURDAY, SEPTEMBER 10

How is it already September!?! Our **14th** Anniversary Party is just days away!

As we gear up for another revolution around the [sun](#), our crew reflects on all Listermann has accomplished over the last 14 years. We could not be more proud of what we do here! Each and every beer is brewed with passion and intent. Our staff, brewers, and bartenders work extremely hard to ensure our customers have access to the highest quality beer, wine, cider, and mead with an unforgettable taproom experience. At the end of the day, when all the work is done (and even when it isn't), you are the ones who make the long days worthwhile! Taft's Brewing Co. no longer anchoring \$20 million Element Eatery food hall

The beer garden at Element Eatery will not be operated by Taft's Brewing Co. GRESHAM SMITH
By [Andy Brownfield](#) – Senior staff reporter, Cincinnati Business Courier Sep 7, 2022

The \$20 million food hall at the Madison Square development in Madisonville will no longer be anchored by a growing Cincinnati craft brewery. Taft's Brewing Co., the operator of Taft's Ale House in Over-the-Rhine and Taft's Brewpourium locations in Spring Grove and Columbus, will [no longer anchor the Element Eatery](#) at the [\\$115 million Madison Square development by Medpace](#) on the corner of Red Bank Expressway and Madison Road. Both parties described the decision as mutual.

"Unfortunately, we did not come together on the final details of the partnership," Taft's Brewing Co. partner [Dave Kassling](#) told me. "It ended up being in the best interest of both of us to go separate directions. We wish them the best of luck and look forward to their opening and future success." A spokeswoman for AT Hospitality, [which is developing Element Eatery](#), echoed that sentiment.

"As we continued to work on the details of overseeing the beer garden, both Element Eatery and Taft's decided it made sense to amicably part ways due to issues beyond the control of all of us," she said. "We wish the Taft's team all the best, and we're looking forward to introducing Element Eatery's incredible food, drink and entertainment to Cincinnati."

Element Eatery will have 20,000 square feet of indoor space with seating for more than 400 people, along with additional seating for 150 on three outdoor terraces. It will connect with plans for an outdoor stage, green space and a pocket park next to the Summit Hotel, which is also on the campus of Madison Square.

The eatery was designed by [Gresham Smith](#) and built by Skanska USA. Those firms partnered on the 5th & Broadway project in Nashville, which houses the Assembly, that city's newest food hall. Human Nature is the landscape architect for Element Eatery.

Last week, officials [announced several additional tenants](#) for the food hall, including Rokaru Ramen, San Jeanetta's Table and Little Easy.
