

THE BEER. THE ROAD. THE TRAIL. DAYS OFF, DAYS ON ...

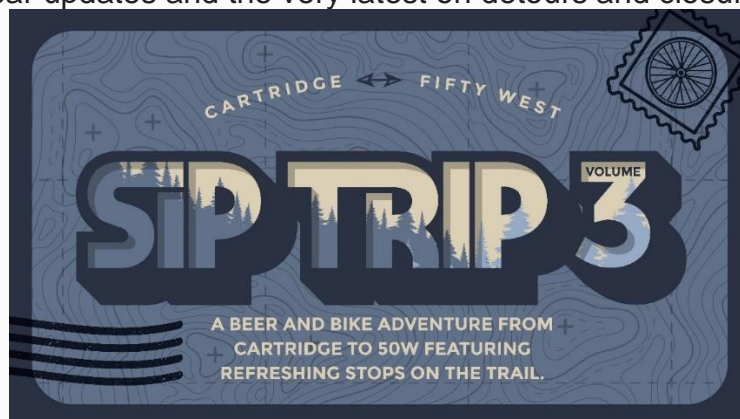

It's a whole lotta happenings you don't want to miss!

Let's dive right in with the good stuff, shall we? First up, shouldn't we always start with beer? Yes. Yes, we should. We've had some great new beers hit our tapboard recently (lookin' at you, *Freakbeat IPA*, *Cosmocrat Fruited IPA*, and *Limelight Lachancea Tart Gose*). As always, that's just the beginning ... with spring in full swing, and summer right around the corner, we're working NOW on bringing back some old faves and new twists.

And what about the road construction?

To be true, changes are coming in fast and furious, switching sometimes day to day. For the next few weeks, there will be NO through traffic, but **GRANDIN RD WILL BE OPEN TO CARTRIDGE**. Mid-April, that will change, but know that our social channels and new website will always work to have clear updates and the very latest on detours and closures.

Our brewery-to-brewery bike trail adventure returns – mark your calendars for **Sip Trip V3 Sat, April 29!** Featuring a very special Fifty West + Cartridge collab, Sip Trip Cold IPA ... PLUS a full day of bikes and brews, passports, and prizes. Complete all four stops and passports stamps (that's Cartridge, Cappy's, Miamiville Trailyard, 50W), take home a prize! And trust us, it's a good one. No cost to ride, pedal at your own pace.

Last year Sonder brought us Blue Ice Cream Ale for our Neighbors at Kings Island. For this season we decided to celebrate another park amusement favorite. This season's beer is definitely one you're going to want to try. It will be available all season long at Kings Island, with a limited number of cans available in the Sonder Brewery taproom starting on April 18th. From there, you'll see it around town later this summer on draft and in cans, too... so keep your eyes peeled. For more information about Sonder Brewing, you know you can always find the latest right here on our website, but don't forget that you can also visit us via facebook and Instagram too for all the news and information that you crave!

I haven't tried this one, yet... but from reading the description in the press release I think I'm going to like it, a lot. They describe it like this: Kings Island Strawberry Funnel Cake Ale has strawberry and powdered sugar on the nose and lightly sweet flavors with an approachable crisp finish. It's a great beer for a hot day at the amusement park during lunch or dinner, in between rides, or while you're waiting for the kids to ride their favorite attraction.
