

It's a very special brew from Wiedemann's head brewer Steve Shaw! His new Imperial Pilsner Anniversary Brew celebrates 5 years of brewing beer at our Cincinnati location and carries on the time-honored brewing standards that George Wiedemann set at his Newport, Kentucky, brewery more than 150 years ago!

Tune in, hop on, hop out.

Sabro Express is a joint venture with our friends at [Deschutes Brewery](#) in Bend, Oregon. Heady mega-rips of fresh pineapple and a silky-smooth, wheat-heavy malt bill amplify the deep tropical punch vibes of the esteemed Sabro hop.

That's a big snake.

Named after the largest snake in the paleontological record, our latest addition to the Imperial IPA series devours a titanic amount of hops for a dense tropical profile patterned with pineapple, passionfruit, and just a bit of citrus on the tail end (see what we did there?). Titanoboa is available NOW in 19.2-oz. single-serve cans!

OTR Loves Art + Beer!

If you're in the Cincinnati area, join us select Saturdays throughout the summer for a beer tasting and walking [ArtWorks](#) Mural Tour! Tours will kick off at the Brewery (1910 Elm St.) for a self-pour tasting of four select beers with the Rhinegeist team and a brief history of the brewery, before heading out for a walking mural tour in historic Over the Rhine, joined by [Brewery Heritage Trail](#) guides. The tour will end back at Rhinegeist for an optional post-tour brew! Register [here](#)!
