

Frontier Airlines Announces New Routes, Expanding Operations Across 38 Airports

'Get It All For Less' 3-Day Mega Sale; Fares and Premium Seat Upgrades Start at \$19 Each

DENVER - January 23, 2024 - Ultra-low fare carrier Frontier Airlines ([NASDAQ: ULCC](#)) will launch nonstop service from various airports across the U.S. and internationally in April, May and June of 2024. To celebrate, America's Greenest Airline is offering fares as low as \$19* one way and upgrades to Premium extra-legroom Stretch seating starting at \$19 per passenger, per flight segment.

"This is a massive expansion of our operation from coast to coast and internationally as part of our focus on growing in underserved and overpriced routes," said Josh Flyr, vice president, network and operations design, Frontier Airlines. "More destinations and greater frequency means a larger number of consumers will soon be able to enjoy Frontier's convenient, affordable 'Low Fares Done Right.'"

Both new and existing routes from each airport are part of the Mega Sale.
