Operation Flintlock 7th Anniversary

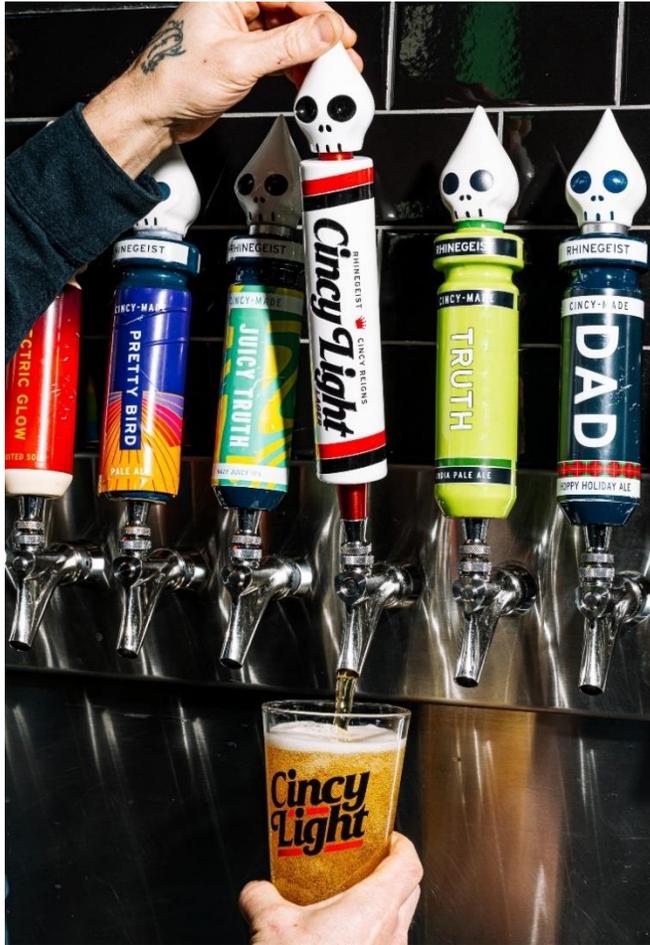

We're thrilled to host the 7th Anniversary Operation Flintlock Release Party, kicking off with the powerful Marine Corps Toast at 12:45pm. Listermann is the proud first stop for the annual Honor Bus, thanks to our incredible partnership with Vets & Brews. This year's special release is the **Operation Flintlock Coffee Stout**, crafted with local **Redtree Coffee** and vanilla, brewed to honor our Veterans. Plus, 10% of the proceeds from Operation Flintlock sales will go to Toys for Tots, supporting a wonderful cause this holiday season. Our friends at TagaBrew will also be providing a special tag and charm to Veterans attending this event! And we're excited to announce that Listermann is now a stop on the TagaBrew trail. We'll have the Air Force tag and charm available for purchase, so you can start or add to your collection! Enjoy tasty sandwiches and flatbreads from our kitchen while we celebrate, honor, and support our Veterans. See you there!

**More about Operation Flintlock:**

This series of delicious, low ABV stouts is a collab with the 4th Marines Division stationed just down the road from the brewery. Operation Flintlock came to fruition after Jason Foust from the 4th Marine Division visited our taproom and suggested brewing a beer to honor those who have so generously served our country. "Operation Flintlock" was the codename for the first battle the 4th Marine Division fought in during WWII, the Battle of Roi Namur.

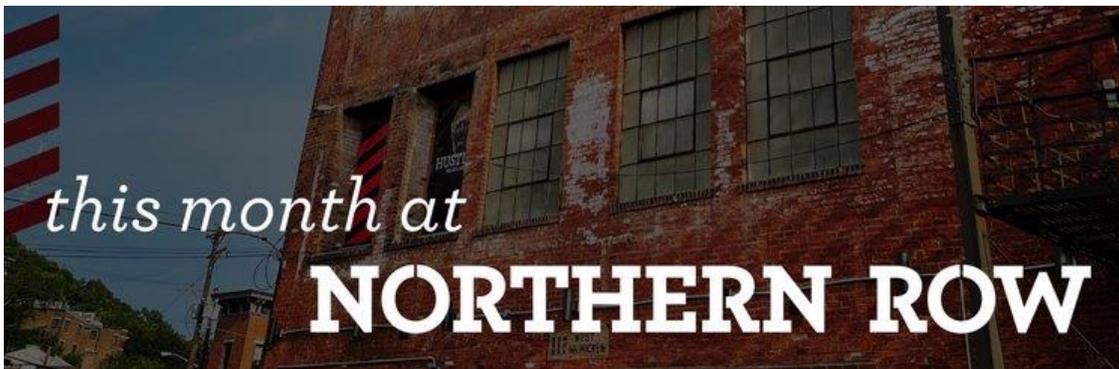

This special release is aligned with Veteran's Day and also marks the kick-off of the U.S. Marine Corps Reserve Toys for Tots drive in our taproom. In addition to toy collection boxes, 10% of the proceeds from Operation Flintlock will be donated to Toys for Tots.

**DVD Brew** is releasing the following **Robust Porters** with unique collaborations on **Friday November 8<sup>th</sup>, 2024**

1. Coffee porter made with coffee from **Mile 42 Coffee** Company in Loveland. Mile 42 Coffee Porter features our full-bodied porter that contains a black malt character with subtle chocolate and coffee flavors. Through our collaboration with nearby Mile 42 Coffee, we have selected the perfect coffee blend to complement our robust porter. Overall, the flavor finishes medium dry.

**6.7% ABV 43 IBUs**

2. **Doscher's Vanilla Porter** begins with the same robust porter recipe. The rich, black malt flavor, enhanced with subtle chocolate and coffee flavors, is paired with vanilla from **Doscher's French Chew** candy to bring back fond childhood memories. You'll appreciate the difference that over 100 years of candy making brings to our full-bodied porter.

**6.7% ABV 43 IBUs**

**Both Porters will be served on nitro, for a decadent and creamy mouthfeel. Try them separate and try them blended!**

**Home Sweet Home Is So Back You Guys.**

**Home Sweet Home Sweet Potato Brown Ale 7.0% ABV**

Move over, pumpkin, it's time for something that feels like you are home. This sweet potato brown ale is a delightful autumn treat, made with real sweet potatoes, molasses, cinnamon, toasted pecans, and vanilla beans. In a sea of pumpkin beers, this is a great alternative with broader appeal that even non craft drinkers can enjoy. So, treat yourself to something sweeter and more memorable, a brew that tastes just like a slice of Mom's sweet potato pie.
